CONDITION OF THE MARKETS

The Usual Reaction from Wednesday's Break Carries Wheat Up Somewhat.

Corn Featureless, with Trade Only Moderate-Cats Active and Higher-Stronger Feeling in Hog Products.

MONEY, STOCKS AND BONDS.

Holders Put an End to the Bear Raid, and Values Appreciate Somewhat. NEW YORK, June 19.-Money on call was easy at 312@412 per cent., the last loan being made at 4, closing offered at 4 per cent.

Prime mercantile paper, 434@612 per cent. Sterling exchange quiet but steady at \$4.854 for sixty-day bills and \$4.8734 for

The total sales of stocks to-day were 278,-

653 shares, including the following: Atchison, 30,594; Delaware, Lackawanna & Western, 11,300; Lake Shore, 6,650; Louisville & Nashville, 11,625; Missouri Pacific, 10,980; Northwestern, 4,688; Oregon Transcontinental, 22,400; Reading, 17,300; West Point, 15,185; St. Paul, 19,595; Union Pacific, 13,290.

The stock market to-day witnessed the completion of the raid begun yesterday, and while there was marked animation in and while there was marked animation in the forenoon, with further depression in values, the pressure was removed later in the day and dullness followed, with some improvement in values upon the covering of "shorts." The "bears" found that the decline had reached a point when stocks ceased to come out, and holders were buyers again, and the raid suddenly ceased as it was started. The dealings are still almost purely professional, and while operators for a rise are not taking an active part in the dealings at the Stock Exchange, they are not inclined to part with their holdings at less than ruling prices; but raids like that of yesterday and this morning require some support to be given the market and it was forthcoming at the opening this forenoon. The struggle was sharp and severe for a short time, but the "bears" soon retired, and as soon as the pressure was removed the market sank away into dullness with some appreciation of values from the opera-tions of the belated "shorts." The talk of tions of the belated "shorts." The talk of the street is now more about railroad troubles and gold shipments, a small lot more of the latter having been ordered for shipment to-day, although its influence had been pretty well discounted in the market and was not perceptible. The figures show that the Bank of Germany holds about twenty million less gold than it did a year ago, and the Bank of France about fifty million more than at that time. The rumor is that the Chancellor has ordered an evening up of the difference ordered an evening up of the difference and hence the exports from this port, as there is no more to be had in London. That the transactions are made at a loss is with-out doubt, though the "bears" labor to prove that the sale of exchange on Berlin will permit it being done without loss. In the market to-day the pressure at the opening by the traders who were continuing the raid had the effect of opening the market off from 18 to 12 per cent., with excentional declines in a few stocks. The stance met with, however, at the concessions soon caused a cessation of the hammering operations, and before noon the market had again drifted back into duliness, with prices once more on a level with the opening. The news of the afternoon was considered more favorable to the final passage of a silver bill, and the traders went in to bring about a rally, and the covering of "shorts" was soon a factor in a slow but ateady appreciation of values which before the close had brought most of the list up to small fractions above last evening's figures. Chicago Gas was a leader in the advance, and Jersey Central also made sharp progress, the two stocks closing 14 and 1 per cent., respectively, higher than last evening. The close was quiet to dull, but firm at the improvement. he rest of the list were generally small fractions better than last evening. Railroad bonds were quiet and rather

heavy throughout the session, and on a business of \$1,303,000 there were no active features, and most of the final changes of importance are in the direction of lower figures. Government bonds were dull and steady.

State bonds were entirely neglected. Closing quotations were:

TRADING AT CHICAGO.

Wheat a Little Higher-Corn Firm-Oats Stronger-Better Prices for Hog Products. CHICAGO, June 19 .- A good speculative business was transacted in wheat, and, after a weaker opening, the market became stronger and advanced somewhat over yesterday's closing figures. The opening was about 4@3sc lower than yesterday's closing. But there was a good demand at the decline. The influences rather favored holders, and prices advanced 13sc, held steady and closed about 12c higher for July. se higher for August and se higher for December than the closing figures yesterday. Corn was only moderately active and devoid of any features of interest. Trading was largely local, and fluctuakept within a range of and final quotations, compared with yesterday, showed an advance of 1920 4c. Oats were active and prices averaged higher, but outside prices were not fully maintained at the close which was at an advance of 14@5sc over the last sales of yesterday. Pork trading was moderate and the feeling was stronger. Prices opened at 20c decline, and a further reduction of 5c was submitted, rallied 20@ 25c and closed comparatively steady. A moderately active business was transacted in lard and the feeling was stronger. Prices advanced .0212@.05c, and the market closed steady at outside figures. In short-rib sides a brisk business was transacted and the feeling was decidedly firmer. Prices advanced .05@.0712c, closing rather steady at outside figures. The leading futures ranged as follows: Onliane | Oneni'a | Highest | Longest | Clasing

INDIANAPOLIS MARKETS. Trade Satisfactory in Its Volume with Steady Prices Prevailing. Indianapolis, June 19.

The wholesale men in all branches of business speak of the volume of business as being very satisfactory, and on all staple articles prices have taken on a steady tone. Dry goods in all lines are moving unusually freely for June. Grocers are very busy. The distribution of sugars is seldom as large as at the present time, and coffees are moving well. In the produce markets strong prices rule, eggs and poultry being in good request at quotations. Everything in the vegetable and fruit line is in good demand at the range of prices quoted. A good deal is doing in a jobbing way in provisions at unchanged prices. The hide market is rather tame, but prices are well sustained. Leather-dealers report trade good and prices firm. The druggists have had an excellent trade for some weeks. Paints and oils are still selling in large quantities at firm prices. Other markets present no new features.

Corn—No. 1 white, 85½c; No. 2 white, 35c; No. 3 white, 34¾c; No. 4 white, 33c; No. 2 yellow, 34c; No. 3 yellow, 83½c; No. 4 yellow, 33c; No. 2 mixed, 34c; No. 3 mixed, 83¾c; No. 4 mixed, 33c; mixed ear, 34c; yellow, 81½c; white, 34@35c, latter for one color.

Conveyances, 9; consideration....\$42,100.00

Vacancies in Orchards. Vick's Magazine.

Vacancies in all small-fruit plantations should be filled as fast as discovered. If the owner is the possessor of a plantation of the previous year this is comparatively easy, as plants can be carefully trans planted therefrom, but if the plants are purchased the only way is to fill up with plants already set, taking from the ends of rows of the same variety. Plants after being set two or more weeks will have an abundance of tiny rootlets, which if they do not carry with them considerable earth, will at once accommodate themselves to the new situation and grow with little loss of time. It is much better to have the waste ground at the end of the rows than scattered through the piece, and the end plants are less profitable than those further in the rows, owing to

How the Standard Oil Trust Is Hated,

AFFAIRS OF THE RAILWAYS.

Personal, Local and General Notes. J. A. Barnard, assistant general manager of the Big Four lines, returned from Chicago last evening.

G. H. Lewis has been appointed agent of the Lake Erie & Western at Paxton, Ill., vice W. Brant, resigned.

John Crosby, a Vandalia engineer who was injured in a wreck at Terre Haute a few weeks ago, is much improved. Horace Clark will, on Sunday next, take

the position of superintendent of the Cairo and St. Louis division of the Mobile & Ohio

The Mackey syndicate has established agencies, this week, at Bedford, Indian Springs and Seymour, on its E. & R. W. R. Woodard, general superintendent of the Louisville Southern road, and his

son Samuel were in the city yesterday, and

left last evening for Chicago. Now the rumor comes that the Canadian Pacific is furnishing the money to build the Toledo & Chicago Air-line, wishing to have an independent line into Chicago. George Bender, superintendent of the Chicago division of the Big Four, has gone

to Kankakee to look after a switchmen's strike which has broken out there. J. S. Lauck has taken the position of anditor of disbursements on the Atchison, To-peka & Santa Fe road, vice W. H. Gillett, whose retirement was noted several days

The Transmissouri Passenger Association practically passed out of existence yesterday, and most of its members have cast their lot with the Western Passenger

In coming east over the St. Louis division of the Big Four, Gilmore's Band was carried some of the distance at high speed. From Paris to Terre Haute, nineteen miles. the run was made in seventeen and a half

The Chicago, Burlington & Quincy has given notice that it will advance its cattle rate from Kansas City to Chicago, June 25, to 18 cents. The present rate is 1212 cents per 100 pounds. It makes the change to protect its local rates.

The Louisville, New Albany & Chicago road has now seven work trains in service on the system, four on the main line between Indianapolis and Chicago. The company is experiencing some trouble in securing men for service in their gravel pits. Wm. M. Greene, general manager of the Big Four lines, has gone to Cleveland to aid General Superintendent Peck in adjusting the strike troubles. It is stated that the employes of the Big Four, at that point, are ready to go to work whenever they can

be protected. The Lake Erie & Western continues to show handsome earnings. The second week of June the gross earning reached \$50,062,72; increase over the corresponding week of 1889, \$6,707.21; increase in the past fifteen days of this month. \$15,677.13; increase since

Jan. 1, \$107,786.77. The Chesapeake & Ohio is again receiving freight and passengers, and moving business promptly. The quickness with which the repairs were made to the road after the damage from high waters is spoken of by railroad men as being very creditable to the officials of the road.

The master mechanics' convention at Fort Monroe has elected the following of-ficers: John McKenzie, Cleveland, presi-dent; John Hickey, Kankana, Wis., first vice-president; Wm. Giarstange, Richmond, Va., second vice-president; O. Stewart, Boston, treasurer; August Sinclair, New York, accordance of the second vice-president; O. Stewart, York, secretary.

Lynn C. Boyd, claim agent of the Jeffersonville, Madison & Indianapolis road who, on July 1, will take the position of assistant solicitor on the road, was married yesterday to Miss Mary E. Spencer, of Richmond, Ind. The bridal party passed through the city last evening en route to

Louisville, his headquarters. James Reynolds, roadmaster of the Cleveland, Lorain & Wheeling road, died on Tuesday. He was one of the best-known roadmasters in the West, and prominently identified with the Roadmasters' Association of the United States. John Moran has been appointed to the position made vacant by the death of Mr. Reynolds.

The business of trains Nos. 20 and 21 over the Vandalia and the Pennsylvania lines has reached such proportions as to justify the companies making it a complete Pull-man vestibule train, carrying only passen-gers who wish for the Pullman accomodations, and it is understood that within a short time such arrangements will be made. John F. Miller, general superintendent of the Southwestern system of the Pennsylva-nia lines, states that one of the next im-provements to be made on the P., C. & St. L. and the C., St. L. & P. divisions of the Pennsylvania lines will be the construction of track tanks, by which the locomotives can take water when running. Then there will be but one stop between Indian-apolis and Columbus, O., with the fast

trains-Bradford, O. W. I. Allen will, on July 1, take the position of assistant general manager of the Chicago & Rock Island road. Mr. Allen has been superintendent of the lines of the company west of the Missonri river, with headquarters at Topeka. His headquarters will be transferred to Chicago. He begun his career a few years ago as telegraph operator and station agent, and has steadily been promoted. C. Dunlap is named as the successor of Mr. Allen on the lines west of the Missouri river.

One of the most marked and profitable reforms in railroad operations in late years is in the distribution of cars. All firstclass roads now have men whose special business is to see that each day the cars of the road are properly distributed, and no partiality shown when cars are scarce. Recently M. E. Ingalls told one of his subordinate officers that if they would look after the distribution of the cars and see that none were allowed to stand idle, the profits on the Big Four lines would take care of themselves.

Through freight tariffs in this country average less than 1 cent per ton per mile, and, with the reductions now made, are reduced to less than three-fourths of a cent per mile. Recently-prepared statistics show that in 1889, between Chicago, St. Louis, Hannibal, St. Paul, Memphis and other prominent shipping points in the territory directly southwest of Chicago and the southwestern gateways, Kansas City, Leavenworth, Atchison and St. Joseph, the average rate on west-bound freight was only .870 cent per ton per mile. and 1.119 cent on east-bound business.

The delegates to the annual meeting of the Christian Endeavor Association from Connecticut, New York, New Jersey and Pennsylvania passed complimentary resolutions regarding their trip to and from St. Louis over the Baltimore & Ohio, the Baltimore & Ohio Southwestern and the Ohio & Mississippi roads, and have forwarded them to the respective general passenger agents. H. A. Wells, Eastern passenger agent of the Ohio & Mississippi, is especially remembered for courtesies at the noted caverns of Luray, Va., and the summer capital, Deer Park, Maryland, and also en

In calling in all passes issued reading "over the Louisville, New Albany & Chicago road" prior to the present management taking hold, General Manager Black says: "Owing to the fact that some of the annual and term passes of this company's is-sue have been found in the hands of persons to whom they were not issued, and for whom they were not intended, and to the further fact that the office record of such passes is incomplete and unsatisfactory, it has been decided to recall them; therefore notice is given that from July 1 next a different form of pass will be used, and those of the present form outsanding will not be honored for passage under any circum-

remarked yesterday that he could but be agreeably impressed with the large number of their employes at such places as Indianapolis, Richmond, Fort Wayne and Columbus who had become so contented with their positions and so assured of their perond the markets. Track bids to-day ruled as follows:

Wheat—No. 2 red. 86c; No. 3 red. 850
Wheat—No. 2 red. 86c; No. 3 red. 850
Exercise 22c; burry and cotted, 14 and in good order, 18@22c; burry and unmerchantable, according to their value.

Frive per cent. is about as little loss as a bechased lots and erected on them neat cottages which made pleasant homes. A large ginner can expect in setting small fruits, and this means one rod in every row of twenty rods, and by carefully removing the end plants into the vacant places the waste ground can be utilized by planting potatoes, and there are no waste places to cultivate, and there are no waste places to cultivate, and hoe, and skip over in picking.

PROVISIONS.

PROVISIONS. were paying for them where there was one five years ago, and as the young men now in the company's service become heads of Toledo Commercial.

Toledo is the only great city in the State which has not adopted standard time.

Possibly the name of the time will have to be changed before hope may be entertained next best thing to carrying a good life insurance policy.

An official of the Pennsylvania Company
